EDUCATION

B. Sc (Fisheries), University Putra Malaysia (1985)

M. Sc (Recreational Fishing) University Putra Malaysia (2001)

PhD (Oceanography) Universiti Malaysia Terengganu (2015)

DATE OF EMPLOYMENT

1 November 1992

PRESENT POSITION

- Senior Research Officer
- Regional Vice Chair, IUCN Shark Specialist Group, Species Survival Commission, Southeast Asian Region.

FIELD OF RESEARCH

- Artificial Reefs, Fisheries Oceanography, Elasmobranchs
- Taxonomy and Biology Recreational Fishing

RESEARCH ACTIVITY

(Current, on-going)

1. Artificial reef (design, construction, deployment, impact, socio-economy)
2. Sharks and rays (taxonomy, biology management and conservation)
3. Fisheries oceanography

RESEARCH EXPERIENCE

1. Exploitation of the narrow-banded Spanish mackerel resources in deep sea water: 1992-1995
2. The potential of recreational fishing in the Marine Park Zones and artificial reefs:1992-1995
3. Estimation of grouper juvenile in Setiu estuarine, Terengganu: 1993-1995
4. A survey of giant clam in Terengganu waters:1993-1995
5. A survey on pearl oyster resources in Terengganu waters:1994-1995
6. A survey on fisheries resources in un-trawlable area in Sarawak:1996-1997
7. Experiments on the use of Turtle Excluder Devices (TEDs) in Malaysian waters: 1996-1997
8. Ecology, carrying capacity, habitat enhancement of some selected sportfish:1996-1999
9. Improving selectivity and hydrodynamic performance of the deep sea trawl net:1996-1999
10. Biology and fisheries of shark in the SEAFDEC member countries:1998-2004
11. Whale shark tagging in Sabah: 1998-1999
12. Case study of the management of elasmobranch fisheries in Malaysia: 1999
13. Conservation and management of sea turtle in the Southeast Asian Region: 2001-2004
14. Collaborative study on fishing ground condition of commercial demersal fish in reef and un-trawlable areas: 2001-2003
15. Data collection on shark fisheries and management in Malaysia: 2003-1004
16. Identification of shark species by observation of dermal denticles:2003-2004
17. Fish distribution and its relation to breeding grounds in coastal waters of South China Sea:2002-2005
18. Development of sea turtle tagging database:2001-2005
19. Design, constructions and deployment of bi size artificial reefs:2006-2010
20. Evaluation of artificial reef in Malaysia:2006-2010
21. Sailfish in Rompin and Kuantan:2008-2009
22. Mapping and detection of artificial reefs in Terengganu waters using side scan sonar: 2008-2009
23. Mapping and detection of artificial reefs in Selangor, Negeri Sembilan and Melaka, waters using side scan sonar and sub-bottom profile (2007-2008)
24. The impact of artificial reef on socio-economy of traditional fishers in Terengganu, Malaysia (2011-2012)
25. Sharks data collection (2012-2014)
26. The impact of artificial reef on socio-economy of traditional fishers in Kedah, Malaysia (2013-2014)
27. Research on landing of sharks and rays in SEA Region (2015-2016)
28. Study on sharks and rays in Sabah (landing, marketing and socio-economy importance (2015-2016)
29. Assessing the roles and impacts of artificial reefs and marine parks for the management of marine resources in Peninsular Malaysia (2016)
